Please refer to the tutorial and checklist and FAQ’s on the following pages to ensure smooth processing of your reimbursement request prior to submission.

Logging in:
Log in to http://nufin.northwestern.edu/
Note: If accessing this site off-campus, please also log onto VPN.

In the menu on the left, click on Employee Self-Service.
Select Travel and Expense Center.
Under the Expense Report menu, click on the “Create” link.
Expense Report Entry:

a) Under “General Information” section, enter the following:
Description (include dates of event in this field)
Business Purpose (select from drop-down menu)
Comment (enter more specific description of the expense)

b) Under “Details” section, enter the following in the “Overview” tab for each receipt:
- Expense Type (select from drop-down menu)
- Expense Date (enter date of event)
Note: for airfare, enter the date of the return flight.
- Amount Spent and Currency
Note: expenses made in foreign currency can be entered by filling the appropriate currency code in the “Currency” field. For the system to convert the amount to USD, you must click on the “Currency” tab and enter the exchange rate for each applicable line. The exchange rate used must reflect a rate effective on the date the charge was incurred (for trips spanning more than one day, one rate can be used for the entire trip, as long as the rate was effective during the trip). Include official documentation (along with your receipts) of exchange rates by either printing from a currency conversion website (we recommend http://www.oanda.com/convert/fxhistory), or submit credit card statements to show actual charges. Write the expense in US Dollars on each foreign receipt.)

Please note: On receipts containing multiple expense types, separate lines are required. For example, on a hotel receipt, one line can be entered for the hotel room rate charges, but each meal charged to your room must be added as a separate line.

Also note that hotel receipts are still required even if you are claiming lodging per diem.

Preparing Expense Report for Submission:
When all information has been entered, click on the Save For later button.

Flags will show up on each line, because accounting information has not been entered. Please **DO NOT** enter this information into the system, and ignore those errors. Record the expense report number, and you can then close out of NUFinancials.

Please obtain an Expense Report Envelope from the Copy Room. On the envelope, you will write your name, expense report number, and specify the account(s) to charge. (In addition, you can email both Janna and Apryl with this information as additional confirmation.) Insert all original and itemized receipts inside the envelope, and submit to the Math Office in the “Reimbursements/Purchase Requests” mailbox within 30 days of the event. Submissions after 60 days of the event will require a completed 90-day letter.

**Once the reimbursement is submitted, the usual turnaround time for department processing is approximately one week. You will then be contacted to review and sign the final expense report. Expense reports will be returned to your mailbox if essential information/documentation is missing.**
