b) Under "Details" section, enter the following in the "Overview" tab for each receipt:

-*Expense Type* (select from drop-down menu)

-Expense Date (enter date of event)

Note: for airfare, enter the date of the return flight.

-Amount Spent and Currency

Note: expenses made in foreign currency can be entered by filling the appropriate currency code in the "Currency" field. For the system to convert the amount to USD, you must click on the "Currency" tab and enter the exchange rate for each applicable line. The exchange rate used **must** reflect a rate effective on the date the charge was incurred (for trips spanning more than one day, one rate can be used for the entire trip, as long as the rate was effective during the trip). Include official documentation (along with your receipts) of exchange rates by either printing from a currency conversion website (we recommend <u>http://www.oanda.com/convert/fxhistory</u>), or submit credit card statements to show actual charges. Write the expense in US Dollars on each foreign receipt.)

Please note: On receipts containing multiple expense types, separate lines are required. For example, on a hotel receipt, one line can be entered for the hotel room rate charges, but each meal charged to your room must be added as a separate line.

The following additional information is required in these special cases below:

Group Meals: For meals involving more than one person, select the Expense Type of "Domestic Meal –Group" or "Foreign Meal – Group." Click on the "Add Additional Attendees" button, which can be found on the right side of the expense line:

You will need to enter the Name, Institution, and Title of each person attending the dinner.

Hotel Receipts:

Click on the "Air/Hotel" tab to enter the number of nights.

Flags will show up on each line, because accounting information has not been entered. Please <u>**DO** NOT</u> enter this information into the system, and ignore those errors. Record the expense report number, and you can then close out of NUFinancials.

Please obtain an Expense Report Envelope from the Copy Room. On the envelope, you will write your name, expense report number, and specify the account(s) to charge. (In addition, you can email both Janna and Apryl with this information as additional confirmation.) Insert all original and itemized receipts inside the envelope, and submit to the Math Office in the "Reimbursements/Purchase Requests" mailbox within **30** days of the event. Submissions after 60 days of the event will require a completed 90-day letter.

Once the reimbursement is submitted, the usual turnaround time for department processing is approximately one week. You will then be contacted to review and sign the final expense report. Expense reports will be returned to your mailbox if essential information/documentation is missing.

For questions regarding NU Policy, please refer to the following link: http://www.northwestern.edu/finsys/ps/policies/PoliciesLinks.pdf

For any additional questions, please contact Janna Dodrill or Apryl Schlueter.
